DEDICATION

This booklet of averages is dedicated to all the league Secretaries of the Lorain Bowling Association. It is only through their sincere and hard work that we can accomplish the necessary duties that make this Association the success it should be.

In appreciation for all the work that they must do, to enable the bowlers of this city, to go to the lanes on opening nite and throw their balls knowing that all the minor details have been taken care of. I would like to have each individual in this Lorain Bowling Association, give his secretary the fullest support and co-operation.

Andrew J. Scislowski
