

FOREWORD

Listed in this average book are the names of 2357 bowlers that have compiled an official average during the 1949-1950 season.

These averages have been compiled in the 7 bowling establishments in our Association, namely; Vermilion Recreation, Avon Lake Recreation, Broadway Recreation, Rebman Recreation, Saxon Club, Andorka Recreation and Diann Recreation.

The large number of bowlers, some of them bowled in more than one league were instrumental in forming 54 leagues and 439 teams. The largest league in our Association was the National Tube Management Club having 18 teams, and the Local 1104 C. I. O. sponsoring 3 leagues, the C. I. O. Handicap, C. I. O. Shops and the Saxon C. I. O.

By breaking down the long list of averages, figures reveal that if you are a bowler between the average of 140 and 170 you are an average bowler. By the figures listed below, bowling is a tough game and good averages come only by practice and consistent bowling, so if you bowl a poor series the next time out, don't be discouraged, good series are scarce and a good average is very rare.

The honor of having the highest average listed in our average book, goes to Mr. Lawrence Tuma, manager of the Avon Lake Rec, who had a very good 199 average. The lowest average listed in the book is had by Mr. Louis Danzig. His average was 82, but he probably enjoyed bowling as much as any other bowler, and his average will improve as he continues this great sport.

Here is a breakdown of various classes of averages in our association, and the number of bowlers that were in the various groups. Of the 2357 bowlers;

4	bowlers	had	an	average	under	100

Figures also prove that bowling is a social event by the number of church, fraternal and industrial leagues we have in our association. In the Church leagues we have the Holy Trinity and St. Lads Sports leagues.

In the fraternal groups we have; Avon Lake Eagles, Avon Lake Kiwanis, V. F. W. #451, PIAV # 38, I. B. E. W., B'nai Brith JWV., Lorain Eagles, K. of C., United Polish Club, Elks 1301, American Legion Post 30, Moose, Italian Mutual, Liedertafel, Industrial Group; Fruehauf, B. F. Goodrich, Ohio Edison, Lorain Journal Shipyard, National Tube Office, Thew, National Tube Co. Management, American Stove,

The following officers of the Executive Committee of the Lorain Bowling Association, would like to take this opportunity to wish all the bowlers, alley proprietors, and alley managers, the best of luck for the coming 1950-1951 bowling season.

With good fellowship, and sportsmanship we can continue to enjoy the same success that we had in the past seasons.

The following letter was submitted by Mr. Maurice Fout at the final meeting in May, then the Board of Directors authorized the Association Secretary to have two copies issued, one to be placed in the average book, for the secretary, and the other to be given to each league representative, or delegate by the league secretary.

To All League Secretaries
Lorain Bowling Ass'n
Lorain, Ohio

Gentlemen:

We (Lorain Bowling Association) would appreciate your reading this letter to your league, before you elect your officers for the coming season.

As we all know, each league must elect a President, Vice-President, Secretary and Treasurer, and a league delegate, who can either be elected or appointed by the league president, or if no delegate is elected or appointed, then it is the duty of the league president to act as the league delegate.

The officers of the league should know their duties, or they can acquaint themselves by reading the Rules and Regulations of the ABC, which explains their duties, but I do not believe that the league delegate knows or has had his duties explained to him.

The league delegate should attend the Board of Directors meetings when announced by the Lorain Bowling Association. If nothing to urgent arises during the bowling season, there is only two meetings held by the Board each bowling season. If for some reason the league delegate cannot attend the meeting, it is his duty to make certain that the league is represented by some other officer of the league.

Here is an example that we believe and will prove to you that there is no excuse for not having a representative at the LBA meetings. Let's use an 8 team league as an example. You have your pres., vice-pres., sec, and trea, plus 8 team captains making a total of 12 men to choose from. Of course a team captain may also be an officer of the league but still one man should be able to act as your league delegate.

The league delegate attending the meetings of the Board of Directors, has the power to vote on all issues that may arise at the meeting, and it is in his power to vote for the officers of the Lorain Bowling Association. After attending the meeting he then should make a report to his league on what occurred at the meeting.

On the subject of voting for officers of the LBA. Since the league delegate carries the amount of votes as there are teams in his league, it should also be the wish of your league as to who you vote for. This can be done two different methods.

1) The league delegate can have the president of the league call a special meeting for the Directors of your league. Then you can present the sample ballot for your league to choose from, and then give you the authority to vote for only those men that the league selects. Or

2) On some bowling nite, you can show the sample ballot to each team captain, who in turn will discuss the ballot with his team mates, and then the teams will select the candidates for you to vote for. These two methods give all the bowlers a chance to commit themselves on the candidates on the ballot. In this manner the leagues selects the man of their choice. In the past the bowlers never had a chance to do this, and I believe each bowler will have his chance, if his league delegate will follow these suggestions.

I have tried to explain the duties of the league delegate, and if in any way we can be of any help, to each league, please bring your problems to our meetings and we will do our best.

In closing we wish you and your league the best of luck.

Yours for better bowling.

Maurice Fout

NOTE: Since the Moose league failed to submit the averages by June 15, as requested by the Ass'n secretary, the averages of the league will be found on the next page. Some of the bowlers have compiled a higher average in other leagues, and those bowlers whose average is demoted with an (*), their names will be found elsewhere in the average book, but will have a lesser average.
