## F O R E W O R D

This is the 1952-1953 edition of the Official Average Book of the bowlers in the Lorain Bowling Association, affiliated with the American Bowling Congress.

Listed herein are the names, leagues and averages of 2444 bowlers who bowl under the sanction of the American Bowling Congress and its affiliate, the Lorain Bowling Association. It will be noticed that some of the bowlers listed have less than the required 21 games to have an official average. Because they are sanctioned bowlers, they have been included in this years average book.

June 15th has always been the deadline for submitting the average cards to the Secretary of the Association in order to make this book possible. As in the past years there were again those few delinquents who failed to get in their average cards until weeks after this average book had been started. Too late to include in this volumn were the bowlers from the Major B, Central B, Avon Lake B, B & O Railroad and the St. Stan's A. C. Leagues. Time permitting, an attempt to get out a supplement that will include the bowlers from the above-mentioned leagues, will be made.

A spot check by the Association Secretary of the bowlers in these five leagues show that some of the averages in the above leagues are higher than those indicated in the average book, so it might be advisable for the teams captains using men from these leagues to check with the association secretary as to their highest average, particularly if theyr are being used on a team that is crowding the top team average for their particular league.

As in the past the 7 establishments of the Lorain Bowling Association are represented in this year's book, to-wit, Andorka, Broadway, Croatian Club, Rebman's and Saxon Club of Lorain, the Avon Lake Recreation of Avon Lake, Ohio and the Ferguson Recreation of Vermilion, Ohio.

The 2444 bowlers, some of whom bowled in more than one league were instrumental in forming 55 leagues with a total of 523 teams. Although this league figure represents a decrease of three leagues, the team figure of 523 teams is an increase of 28 teams over the previous season.

By dividing the total number of bowlers into the total average we find that Mr. Average Bowler for the past season had an average of 153, and incidently there were 69 bowlers who ended the season with that average. An average of 162 seemed to be the popular average this season as 70 bowlers ended with that average. I have often wondered what the final average sheet would look like if these 70 individuals decided to bowl as a twelve-team league using the odd ten men as spares.

That bowling is a game of sportsmanship is evidenced by the fact that although Mr. David A. Garfield, who does his kegling with the Bnai-Brith JWV was in their pitching for 50 games which netted the grand total of 4580 pins for a 91 average,

our respective hats are off to Dave for his efforts, in view of the fact that our spies have reported that is "chompin' at the bit" and rarin' to go next season and is really going to give those pins a going over.

If 102 still buys the drinks, then Sidney A Davis of the American Legion League and Arthur R. Fobell of the T L & F Dock league owe their respective leagues a drink as their official average for last season was 102. Incidentally Mr. Fobell average last season was 83, an improvement of 19 pins all of which proves that if you stick with them, they will fall.

Two of the local kegglers shared the 200 spotlight this year, Lawrence Tuma of the Avon Lake A League and Joseph P Smith who does his kegling in the Classic League. Any one doubt the importance of that one pin? Mr. Tuma in the Avon Lake A League bowled 105 games getting 21001 pins for an average of 200 plus one pin. Mr. Smith bowling in the Classic League bowled 78 games for 15600 pins for an average of 200, on the button. So, Mr. Tuma cops top honors again, either by that one pin that slopped over for him, or that one pin that stuck for Mr. Smith. Anyway, our congratulations to both of you for a very fine season of bowling.

Alex Black who placed third this past season compiled his top average in the Classic league getting 20895 pins in 105 games, hitting the 199 mark right on the nose. Mr. Black also compiled a 197 average in the Avon Lake A league with 19597 pins in 99 games.

Completing our list of the top ten bowlers in the Lorain Bowling Association are:
