The above officers of the Executive Committee of the Lorain Bowling Association, would like to take this opportunity to wish all the bowlerd, alley proprietors and alley managers, the best of luck for the coming 1955-56 bowling season.

On November 1, 1924, the Lorain Bowling Association received its charter from the American Bowling Congress. Today, after thirty years, the Association has grown from approximately 15 teams to 595 teams, from approximately 75 men, to 2921 sanctioned bowlers. We have seen bowling alleys go from hand spotting by pinboys to the automatic pinspotter. Bowling in Lorain has grown from a side business for poolrooms to a business in its own right. Thirty years ago we had one establishment sanctioned in Lorain, today we have seven, and a probably two more establishments to be built within the next year. Bowling has become the number one sport in the City today.

On the first page of the average book is the names of 29 bowlers who did not pay their \$1.00 sanction fee. These bowlers cannot bowl in organized league play until they have paid their fee for the 1954-55 season, or prove they were sanctioned.

The 2683 names that appear in the average book, include only those bowlers who bowled 21 games or more. This does not include the names of the bowlers who bowled in the Open Hearth, Slovak Home, or Broadway Ball and Chain Leagues. The Secretaries of these leagues did not get their average cards to the Association secretary in time for them to appear in the average book. This entails approximately seventy-two men.

I checked \* 3492 cards of bowlers who bowled 21 or more games and the table below shows a breakdown of the averages and the number of men in each average group. I have also calculated the percentage each group is to the total of 3492. The average bowler in Lorain is 154. Mr. Leonard Wilder was low man on the totem pole with an average of 85, while Larry Tuma was high man with an average of 206.

1	Bowler had an average between 80 and 89	.025%	of 3492

Bob Reinecke earned double honors by not only hitting both the high single game and high three game series in the City but also hitting the only 300 game in the Association. Hastings Bean lacked that one big pin for his try at a perfect game. Both bowlers received awards from the American Bowling Congress for their achievements. The Association congratulates both bowlers for their good showing.
